5 October 2023.

1. Target market for this product

Target Market

The retail clients for whom this product has been designed are individuals who:

- want a term loan to finance the acquisition and construction of an eligible residential property for the purpose of it being their principal place of residence upon completion of the new dwelling;
- want to pay only interest for a specified period at the start of their loan (during the construction for up to 18 months), after which they want to pay principal and interest for the remaining term (maximum total term is 30 years)
- want flexibility to make additional repayments and have access to those early repayments;
- may want access to other features and benefits (such as a linked offset account);
- can afford the loan; and
- can provide the residential property as security for the loan
- are eligible and wish to participate in this New South Wales Government initiative which involves the Scheme contributing towards the deposit required to purchase an eligible property in return for a proportional beneficial interest in the property.

Product Description

A New South Wales Shared Equity Home Buyer Helper - Bendigo Complete Interest Only Home Loan (Variable Rate) is a variable interest rate term loan (up to a maximum term of 30 years) which is used to finance the acquisition and construction of residential property. Retail clients only have to pay charges for an initial period (18 months) after which they then have to pay principal and interest for the remainder of the loan term. Retail clients must satisfy the eligibility criteria as specified here [Shared equity scheme | NSW Government](#). This home loan allows retail clients to make additional repayments without incurring early repayment costs and the ability to access those repayments. Retail clients can also access other features. This home loan allows retail clients to make additional repayments without incurring early repayment costs and the ability to access those repayments. Retail clients can also access other features.

Product key attributes

The key attributes of this product that make it likely to be consistent with the target market described above, include:

Attribute	Appropriate for
Term loan	Retail clients that want to repay their loan over medium to long term period (up to a maximum of 30 years).

Attribute	Appropriate for
New South Wales Shared Equity Scheme (the Scheme)	Eligible retail clients purchasing a residential property that meet the eligibility criteria and want to participate in the Scheme .
Owner occupied	Retail clients who will use the eligible residential property acquired with the loan as their principal place of residence. This product may not be suitable for retail clients who wish to participate in the Scheme and acquire an established dwelling.
Interest only period (prior to regular repayments of principal and interest)	Retail clients who want to participate in the Scheme and pay the interest accrued only for a specified term (18 months) during the construction period. Following completion of the interest only period, regular scheduled principal and interest repayments will be required to be made over the term of the loan. Repayments are made on a monthly frequency.
Variable interest rate	A variable interest rate means the interest rate may increase or decrease over the term of the loan. This product may not be suitable for retail clients who require certainty around repayments by having a fixed interest rate.
Early repayments and redraw	Retail clients who want the flexibility to make additional repayments without incurring early repayment fees, and the ability to access those repayments (1 repayment amount is preserved and not accessible).
Access to other features	Retail clients who may want access to other features (including a linked offset account) and are willing to pay additional fees or charges to access them (if applicable).
Security over residential property	Retail clients that can use the residential property they have acquired with the loan as security for it.

2. How this product is to be distributed
